DELAVER

Delaver—There is a case of small pox in town. G. H. Dillbeck, better known as the "unfortunate one," as far as known there are no other cases. Dr. Carroll Rice, health officer, visited the school yesterday and teachers and pupils were ordered to be vaccinated on Wednesday night. Mrs. G. A. Lippa, who is ill with typhoid fever, is on the gain. The city water has been inspected but no germs have been found. Saint Agnes' school of the Sacred Heart church, Delaver, took Easter cake and candies Saturday afternoon at the home of Mrs. W. H. Tyrill. Mrs. M. Weston has returned to the A. A. Jacobs home, after a two week visit to the hospital. Mrs. Kestha, Mrs. Richard Flynn is seriously ill at the home of her daughter, Mrs. Frank Cusack. Miss Hazel Murphy is home from her school work at Madison for Easter vacation. Mrs. Martin, Delaver, is visiting at the home of a short vacation. Miss Nellie Williams was a Beloit visitor over Sunday. The Misses Swan and McKelvey motored to their homes in Milwaukee for the week-end. A large truck from Milwaukee delivers bread here every morning. The Catholic Girls' Club will have a bakery sale Saturday afternoon, April 15, at C. F. Quinn's show room. Lunch will also be served to any one desiring them. William Kester has moved to Delaver lake, where he will be care taker of the assembly grounds. Mr. and Mrs. M. Swan and children who have been guests at the home of Rev. C. W. Boardman for several days, have returned to their home in Bakersfield, Montana. Mrs. Estella Crain and daughter, Mrs. Marjorie Crain, who have been visiting relatives at the C. D. Lyness home, have returned to Chicago. Harry Latimer is ill and unable to attend to his duties in the Bradley Knitting of the Grace Street factory. He is being visited by local friends and relatives here the past week.

RICHMOND

Richmond—The Richmond M. E. church singing club will give an Easter cantata, "The Story of the First Easter," at 7:45. There will be communion and baptismal service next Sunday. Rev. G. H. Verity, who was in China, is again visiting. Ruth Goodger, Delaver, visited her parents, Mr. and Mrs. William Goodger, during the week-end. Mark J. Goodger is home from the Chicago training school. He will remain here during the summer because of illness. Otto Mass, 21, son of Mr. and Mrs. Herman Mass, died last Friday night after an illness of several weeks. The funeral was held Tuesday, with burial in Richmond.

FONTANA

Fontana—John Glick, Woodstock, spent Sunday with his parents, Mr. and Mrs. Charles Glick, Lynn, Harvey, Colorado Springs, spent a few days with his aunt, Mrs. Russell Smith and cousin, Lyle Rowbotham. Mr. and Mrs. Russell Smith entertained 14 relatives at dinner Sunday. Lester Sullivan, Delaver, spent the week-end with his parents, Mr. and Mrs. Hugh Sullivan. Mr. and Mrs. Albert Hoelzel, Come, spent Sunday with Mr. and Mrs. Peter Hoelzel. Mr. and Mrs. Lyle Rowbotham were pleasantly surprised Saturday evening by 24 Walworth friends. Marie and Irene Hoelzel are spending the week with relatives at their home. The members of the Sunday school are planning a program for Easter. Mr. and Mrs. Arnold Schroeder, Walworth, called on Mr. and Mrs. Carl Schroeder, Delaver, Sunday. Mrs. Schroeder returned to her school duties Monday after a week's vacation.

22 CITIES ORGANIZE SUBNORMAL CLASSES

Menomonee—Twenty-two Wisconsin cities have organized classes in the public schools for mentally defective and subnormal children, according to the reports of Dr. Elizabeth Wood of the state department of public instruction. It was said 17 more cities are preparing to organize classes and 15 have made the first move to secure help in selecting the children who should go into these classes. The groups are organized both to secure the best possible education for these less fortunate children and to free the other pupils from the drag on their work which those backward boys and girls necessitate when the same teacher must handle all the children. It was said.

An Aid to Weaving This Season's Fashions

(Helps to Unfurling) Here is a simple, unfurling way to get the skin of objectionable hairs. With some powdered delatone and water make enough paste to cover the hair surface, apply and in about 2 minutes rub off, wash the skin and every trace of hair is removed. This is quite harmless, but to avoid disappointment be sure to get the delatone in an original package. Advertisement.

Centennial of Grant's Birth to Be Celebrated

Plans for the celebration of the one hundredth anniversary of former President U. S. Grant's birthday April 27, are being made by a joint committee composed of members of each of the Jansville G. A. R. post and the Women's Relief Corps. Final arrangements will be made at a meeting Friday, J. P. Care is chairman of the G. A. R. committee and Mrs. L. B. Winslow of the W. R. C.

The centenary of the birth of U. S. Grant, to be observed all over the country April 27, will be fittingly celebrated in the public schools here, declared Supt. F. O. Holt. It is being left to each school, including the high school, to make out its own program for the afternoon. The following is a suggestive type issued to all the schools, and will probably be followed somewhat:

H. S. Program

Music, "America," white to the flag; a statement of the occasion and purpose of the program; a Civil war song; sketch of the life of U. S. Grant; biography and the youth of Grant; music; Grant in the Civil War; "Tenting on the old Camp-

Ground;" "Grant at Appomattox;" music; "Grant as President;" Mr. Kinley's Appreciation of Grant; the American Creed; "The Star Spangled Banner;" Supt. Holt stated that Arbor Day, April 22, will also be observed in the schools, and further plans will be made this week.

deliciously flavored WHOLE-WHEAT

"I wish my boy was rugged like Billy!"

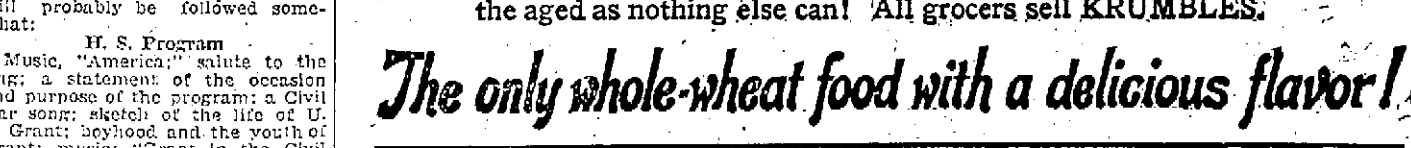

Red-blooded, physically courageous children stand out sharply against puny types! Such contrasts are painful enough in childhood! What future can the undersized stripling expect?

Science proves that in most cases that contrast represents the difference between the properly nourished child and the child brought up on foods out of which life-sustaining elements have been bleached—devitalized, denatured!

You should know that Kellogg's delicious whole-wheat KRUMBLES—with the full, enticing flavor of whole wheat for the first time in food history—are what your child needs every day! And, it is just as important that every member of your family eats KRUMBLES! For, KRUMBLES contain every food element that the body demands—and in perfect proportion!

Whole-wheat KRUMBLES produce red blood and bone and muscle! They make children grow big and strong and robust; they build physical courage and mental vigor! KRUMBLES fortify men and women for the day's work! KRUMBLES sustain the aged as nothing else can! All grocers sell KRUMBLES.

The only whole-wheat food with a delicious flavor!

When "No" Is Good Sometimes Isn't It Better At All Times?

A great many people have learned to say "No" to tea or coffee at noon and at night—learned it at the cost of jumping nerves and disturbed digestion.

Thousands of others who passed through that stage have learned to say "No" to tea and coffee all the time, and have found a most satisfactory "Yes" in Postum.

Postum's full, rich flavor delights the taste and meets all the demands for a hot, mealtime drink, and it contains no element that can harm anybody. Even little children may share in the delights of a hot cup of Postum with any meal.

Whether or not the thein in tea or the caffeine in coffee has begun to serve warnings on you, you can profit by the experience of others and by the information which any doctor can give you—and find charm without harm in Postum.

Suppose you make the test for ten days, with well-made Postum, and compare the "feel" with your former experience with tea and coffee.

Your grocer sells both forms of Postum: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

MANY PROMOTIONS IN CAVALRY TROOP

Capt. Conway Takes Charge—New Sergeants, Corporals Are Named.

Capt. Robert E. Conway, recently commissioned in the Wisconsin National guard, is now commander of headquarters troop, 33rd cavalry brigade, Janesville, assuming charge Monday. Owing to delay in arrival, Capt. Charles Williams, quartermaster of the troop, was unable to commence transfer of property from supervision of Capt. W. D. Duffie to Capt. Conway. Capt. Duffie has been transferred to the adjutant general's department.

It is expected transfer of equipment will not be finished until Wednesday. Capt. Williams started checking Tuesday.

A number of promotions are announced by the troop:

Corps. Pierce and Thompson to sergeants; Pava, Lynch, Amerolf and Inman to corporals; and from private to private first class: Boos, Knoops, Sawyer, Thorman, Brown, Strampe, Thilo, Smith, Swanson, McCarthy, Duller, Davis, McNett, Guthrie, Montague and Mentel. Privates first class, Knapp and McKinley have been reduced to privates.

The troop has been subdivided into two platoons, making a staff platoon and a communication platoon. The staff platoon now consists of the headquarters, adjutant, personnel and supply section and intelligence section. The communication platoon consists of plans and training section, message center section, radio section and wire section.

DALTON ELECTED BOARD CHAIRMAN

(Continued from Page 1.)

Janesville has been practically approved. That seems to end the question of whether the county can build on the property already purchased and paid for.

Approve Janesville Site.

George B. Harris, president of the State Board of Control and Janesville, who has been in the city since Monday, inspected the Janesville site on Monday. Several supervisors were with them on the inspection trip.

Both officers declared the property to be a beautiful site and adequate for the needs. A formal report is expected to reach from the state board meeting scheduled next Monday.

In addition to the women and American Legion speakers who will urge the sanatorium, Dr. Wayne A. Munn, Janesville, who has been interested in the sanatorium plans, is present and will have a job on the need of a county sanatorium. He has fairly complete figures and data on the number of Rock county people afflicted.

Then Comes Roads.

But the sanatorium issue is not all. There is the Wisconsin highway commission hearing Wednesday to determine the route for paving the Janesville-Brookfield road. A. E. Harris will have a job on his hands to satisfy the different districts seeking the concrete road. Footville is going to make a strong bid to change the route straight from Janesville to that village instead of going to Hanover.

Issue Over Taxes.

Then comes the tax assessment case with Janesville going to the mat with Beloit and the township editing law with a plea for lower taxes. City Attorney Roger C. Cunningham has prepared Janesville's case, based on alleged differences in the assessment of industrial property in Janesville as compared to the Gateway city. Townships will be represented by a committee from the Rock county Farm Bureau.

Between taxes, roads, sanatorium and settling a dispute between the sheriff and a deputy the supervisors are due to a "grand and glorious session."

Y. M. C. A. BUSY ON PLANS FOR CIRCUS

Plans for advertising the Y. M. C. A. circus, April 25 and 26, were made Monday. Redwald Hector, Broadway, town of Rock and Howard Lavin Gregory, Janesville, Ed Hallie, E. Lowery and Mary Martha Hanel Lydia Gregory, Janesville.

MARRIAGE LICENSES

Applications for marriage license were made Monday. Redwald Hector, Broadway, town of Rock and Howard Lavin Gregory, Janesville, Ed Hallie, E. Lowery and Mary Martha Hanel Lydia Gregory, Janesville.

MARRIED 5 DAYS, THEN IS WIDOW; HUSBAND GONE

R. P. Graham.

A bride for five days and then a widow was the experience of Mrs. R. P. Graham, who has asked Chicago police to find her husband, R. P. Graham. The Grahams were married in St. Paul March 23 and came to Chicago where Graham was to be employed. They were lodged in the Grand hotel. No trace of Graham has been found since March 28.

100 PER CENT PETTICOAT GOVERNMENT IN DES LACS

Des Lacs officials, front row, left to right: Mrs. B. L. Halverson, chairman of the board of trustees; Mrs. L. M. Filbert and Mrs. G. J. Johnson, trustees; Mrs. M. Shaffer, treasurer. Back row: Mrs. R. M. Varne, justice of the peace; Mrs. F. H. Ward, marshal; Mrs. E. C. Kinyon, clerk, and Mrs. D. E. Berry, assessor.

Des Lacs, N. D., is the first town in the country to go in strong for petticoat government—100 per cent of it. In the recent election the entire woman's

ticket was swept into office much to the discomfort of the clique which had become chronic officeholders. The idea of a woman's ticket originated at a social gathering of the ladies ten days before election. Ten day electioneering was sufficient, according to the returns. The men were defeated decisively.

Palmyra Man Takes Own Life

Jefferson—Word has been received here of the suicide at Palmyra Saturday of Edgar Allen, who shot himself during a fit of despondency over his illness with pulmonary tuberculosis. District Attorney Twining held no inquest was necessary. His brother-in-law, T. J. Sleep, Elkhor, had come to Palmyra to make arrangements for Allen to enter the Jefferson Forest Lawn sanatorium. Allen went to the barber shop, was shaved, returned home and blew out his brains.

WISCONSIN SWEEP BY TORRENTIAL RAINS DOING BIG DAMAGE

(Continued from Page 1.)

Telephone company said Tuesday morning that its men had been doing repair work where damage had been done by fallen trees and some poles were down in the rural sections.

Damage to Phone Lines

Commenting on the damage done to the telephone lines of the Wisconsin telephone company in the central and northern section of the state in the storm of several weeks ago Mr. Cash said more damage was done than in the history of the telephone in Wisconsin.

Asked as to the feasibility of laying the lines underground he remarked that this would be well provided it was found necessary to remove the cable when roads were built and the route changed. Many poles have been moved in stock country because of the road building operations.

Rainfall Here

According to figures kept by G. E. Rumrill, tobacco man, one and one-eighth inches of rain fell in Janesville during the past three days.

Much Damage Near Monroe

More than \$100,000 damage was done near Monroe by the wind storm Sunday. For the second time in seven months Perry Holmstrom, living 15 miles from Monroe, was deprived of his barn. Holmstrom, after the storm last August, built a new barn on the same foundation. This was demolished in the storm. The old or barns blown down were on the Dr. W. C. Bear, Severn, Mrs. Anna Walter, Will Trickle, Andrew Heinzelman and Frank Matzke, from the foundations of the roofs removed. Damage of approximately \$1,500 was done at the fairgrounds near Monroe. At the Severn farm, near Drownstown, 16 feet of water were killed when the barn was destroyed. In Monroe 300 feet of sidewalk were picked up and set on top of the concrete walk on the other side of the street.

Farm Bureau Official Information News for Farmers

POLAND - CHINA ASS'N FORMED

Officers Elected. Directors Named With Dues Fixed at \$1

Electing officers and directors Rock county Poland-China breeders formed a county association at the meeting held in the Janesville Y. M. C. A. Monday afternoon. The association

hopes for a membership of 60 or more breeders. The officers named were Norman Little, Harmony president, A. O. Furech, secretary, and Charles Malby, treasurer. The seven directors named were J. H. Green, Clinton, John Lathers, J. E. P. Coon, Wm. C. Johnson, Wilbur Andrew, and L. M. Moely. Sharon and C. S. Boynton, Avalon.

A Poland-China promotion show is to be staged this fall at the Janesville fair and a county show held for the Wisconsin state fair.

Realizing that organization alone does not mean success, the Poland-China breeders are going to push their association, urging all breeders of the black swine to join in the cooperative effort to develop, promote and improve the breed.

The breeders attending the meeting expressed a sentiment of "make Rock county first" in Poland-Chinas. J. D. Little was appointed to represent the association at the meeting Tuesday night in the office of J. A. Craig, Samson plant, to get underway definite plans for the building of the county fairs and the state fair.

The Poland-China breeders endorsed the pavilion plan.

Develop the breed. "Make your own county known as a Poland-China district," urged B. D. Dobson, Lancaster, in his speech. "Any breed of swine is just what the breeders make it, in a county."

"Every farmer has got to do something for himself and his stock will not take care of itself. The more you put into your organization, the more you will get out of it. There are too many serious hogs. There is a demand for better swine and the best way to get results is through your association. There is a vast undeveloped territory in your own county and state for better swine raised by better farmers."

Urging Junior Clubs. County Agent R. T. Glasco, presided at the meeting and officers were elected. T. P. Shreve and E. J. Hammons gave short talks.

Speakers urged the formation of boys and girls clubs as one of the most effective mediums for breed development.

The association dues were placed at \$1. A committee composed of Charles Malby and Fred Schmitt, of Chicago, and J. E. P. Coon, of Rock county, was named to try to get Little was named to work with the county agent for the junior club.

Other members of the association who signed at the close of the meeting were J. G. Decker, E. B. Dobson, C. J. McKee, A. O. Furech, Wilbur Andrew, E. P. Coon, James Murray, John Lathers, C. S. Boynton, T. P. Shreve, R. C. Roberts, J. H. Green, R. T. Glasco and J. D. Little.

Must Lower Freight Rates Say Leaders

"The farm block believes railway freight rates are too high and must come down. The city is just as vital to the country as the country is to the city. The farm block means relief from the terribly burdensome expense of living," says United States Senator Arthur Capper of Kansas in a message to the people of Kansas.

Bank credit managers of the country, which appears in the forthcoming issue of the official organ of the National Association of Farmers.

"One of the measures endorsed by the block would restore to state railway commissions much of the power taken from them," he continues. "The farm block is giving its support to the capped French truth-in-fabrics, to compel all makers of clothing to brand their goods so that the buyer will know the amount of shoddy in each garment. This is most important to the man in the city than to the man who sells the wool."

"A nation, to continue in a sound condition economically, must be healthy agriculturally. Farmers, to be prosperous, must have economical, healthy customers to deal with. A decaying agriculture means declining commerce, closed factories, empty freight cars and a paralyzed overseas trade."

"Some commentators of the bloc have labored to make it appear that it has raised a barrier between rural and urban life. The truth is it has removed many of the artificial barriers between these two grand divisions of the people."

Everybody who has given the matter study knows that one of the evils under which industry, commerce and agriculture are suffering is excessive money. Agriculture especially is at the mercy of those who control credit.

Healey on Program for Newark Meeting

J. S. Healey, Madison, in charge of the state and county testing for bovine tuberculosis, will be one of the speakers at the Farm Bureau meeting to be held in Newark on Wednesday, April 12.

Rapid progress has been made in the testing work in Rock county under the direction of Mr. Healey in Madison and Dr. Arthur Kilham in Janesville. Remarkably few herds have been reported among the herds being tested during the last two months.

Hatch Gives Advice on Farming Program

By K. L. Hatch, agricultural extension service, Wisconsin college of agriculture.

Balance. In many cases dairy products are the only source of income. Even dairymen should be diversified. Hogs may be important source of income in a dairy farm. Rates and consequently high prices of protein concentrates make it imperative for Wisconsin farmers to increase acreage of legumes.

Balance a Cash Crop. No Wisconsin farmer should depend on a single source of income. Dairymen encourages this practice. Sugarcane, tobacco, potatoes, seed corn and other crops may be made to yield some additional revenue. The choice will depend upon conditions, but dairy farmers ought to have some other source of income besides milk. They have so much to buy.

Don't Rock the Boat. Now is a poor time to throw anything overboard. Produce a normal crop. Don't change lines but diversify. Production should neither be expanded nor contracted.

Give more Attention to Poultry. Why not make this a more important source of farm revenue?

The Old Orchard Will Pay Now. Why should we pay high freight rates and commission charges on fruit when it can be grown at home?

No Other Possible. "George, is that you?" "George, why, certainly! When else will I be coming at this time?" "London, Mail."

Lydia E. Finkham's Vegetable Compound has helped to bring great happiness to many families by restoring women to health. Often the childless home is due to a run down condition of the wife, which may be helped by Lydia E. Finkham's Vegetable Compound. It brought health and happiness into the home of Mrs. Johnson. Why not to yours?

On Neck, Chest, Arms and Shoulders. In Blisters, Cuticura Heals.

"Eczema broke out in small, red spots around my neck and quickly spread to my chest, arms and across my shoulders. The itching and burning were intense, and when I scratched or rubbed it, small, white blisters formed."

I was treated but got no relief. I sent for a free sample of Cuticura Soap and Ointment. Seeing they were helping me I purchased more, and now I am completely healed." (Signed) Mrs. John Timbrooks, Rt. 3, Romeo, Michigan.

A SWEET LITTLE BABY BOY

Makes a Bright Spot in Every Home. A Comfort in Years to Come

Park Rapids, Minnesota. "I have taken your medicine, Lydia E. Finkham's Vegetable Compound, when I was a girl for pains and before and after my marriage. I now have a sweet little baby boy and will send you his picture if you wish to publish it. My sisters also take your medicine and find it a great help. I recommend it to those who suffer before their babies are born."—Mrs. Wm. JOHNSON, Box 155, Park Rapids, Minn.

To marry and arrive at middle age without children is a great disappointment to many women. Think of the joy and comfort other women have in their children as they grow older.

FARM BUREAU ACTS TO END MILK FIGHT

Committee Named to Establish Good Business Methods in Dairy Pool

(Official Bureau News.)

The committee of nine suggested by the Farm Bureau Conference called on February 28 by E. B. Heaton, director of the dairy marketing department of the American Farm Bureau Federation, to work out a solution to Chicago's surplus milk problem, will function despite the refusal of the Milk Producers' Association to appoint three men to represent that group on the committee.

The following men have been appointed: C. V. Gregory, Illinois; H. G. Homans, Wisconsin, representing the Farm Bureaus; J. T. Williams, Illinois; A. C. Stoen, Wisconsin; T. R. Keene, Indiana, representing the Milk Producers' Co-operative Marketing company; Mr. Heaton, in order that the committee might function as intended, will appoint three men to represent the Milk Producers.

Perry Crane, Indiana, and Dan Gillette, Wisconsin, representing the Milk Producers' Association, have been suggested to serve in an advisory capacity.

Lack of organization and equipment for handling surplus milk in the Chicago zone, which includes eleven counties in Illinois and eight in Wisconsin, has been a serious problem in a loss to the producers and a great economic waste. To remedy this existing condition Mr. Heaton has been co-operating with farmers and dairy marketing authorities in attempting to evolve some arrangement which will allow marketing to be carried on under a pooling arrangement that will benefit both producers and consumers.

Suggest Central Agency. The solution of the problem, according to Mr. Heaton, lies in the establishment of a central agency to handle the surplus milk in the district. Under this plan the fluid milk pooled by the producers would be handled through one central sales-manufacturer and dairy marketing authorities in the Chicago zone, which would sell all fluid milk required for immediate consumption and manufacture the remainder into the most profitable products to be marketed in the surplus milk zone.

The gross returns, deducting the expenses of the sales organization and the freight differentials, the balance would go to the producer.

Investigate Shooting by Racine Patrolman

Racine. Patrolman Sweetman fired a shot into the rear of an automobile driven by E. C. Hocker, early Monday, the latest in a series of incidents which have been reported by the occupants as it passed through the car and broke the windshield. Sweetman declares he was attempting to halt the machine while Hocker maintained his command was given to stop. Police Lieutenant Crangle, to whom the matter was reported, is quoted as saying he could find no cause for an arrest. Chief Baker is investigating.

LOS ANGELES WONDER CITY OF WEST, SAYS LOCAL MERCHANT

Los Angeles is the wonder city of the continent in the enthusiastic opinion of Amos Rehberg, this city, who has recently returned from a trip to California.

"The town has grown three times since I was here 11 years ago," he declares. "The business section is growing like a mushroom," he says, and great building projects are under way."

Of all the coast cities he visited he found business conditions in Los Angeles the best while other California places are enjoying a fair business, including Sacramento.

Further north, he did not find the situation so favorable. Seattle, Tacoma and Portland are but slowly getting out of depression.

So long as eastern people make Los Angeles a winter resort, states Mr. Rehberg, that city will continue to grow. During his trip, he motored 600 miles in three days visiting other California places, including San Diego.

PRIESTS ARE FED THROUGH U. S. AID

American Food Distributed Through Hoover Administration Division.

(By Mail to the Gazette.)

Moscow—American food with a Russian value of 3,275,750,350 rubles in the open market has just been distributed to Russian Orthodox priests throughout the Russian famine zone.

This food was a gift to the priests from the Russian Orthodox archbishop of New York and his associate clergy to their starving fellow-clergy in Russia.

The gift was made through the food remittance division of the American Relief (Hoover) administration, 42 Broadway, New York. Its purchase price in the United States was \$2,500. The American dollar, at the time this article was written, purchased 600,000 Russian rubles. But the food purchased by the American dollar in the United States and shipped into Russia has a value three times as great as the dollar itself.

When the notice of remittance was received in Moscow, each of the American Relief warehouse stations in the famine zone was notified that it was to be given a given amount of food for the clergy in its area. The clergy was counted, most frequently by the committee of clergyman, and the division made. In many instances, by local determination, the distribution was not proportionate to their families, but proportionate to their needs.

How shall I make my new frocks?
Is answered by the New McCall Summer Quarterly

What better way could you decide than by having before you seventy-six pages, brimful of all the best, new style features, illustrated in hundreds of ways?

You can see how the bouffant effect will work out in Taffeta, or how the basque dress is made with Voile and Dotted Swiss, or how well the soft Foulards show the long waistline. Many of these are the advanced fashions from abroad, so that the new Quarterly practically brings Paris to you in your own home.

And not only can you get these direct-from-Paris fashion ideas, but the Summer Quarterly, because it shows Styles in the new "Printed" Pattern, makes it possible

for you to copy exactly any garment that is illustrated in it.

If you have never cut out or made a dress with the new McCall Pattern, "It's Printed," you do not know how much easier sewing has become, or how much more beautiful home-made clothes can be!

McCall's improved pattern "printed" in blue has all directions for sewing and lines for cutting "printed" on the pattern pieces so that each piece is its own explanation. This makes the pattern not only simpler to follow, but always to be relied upon to copy accurately the model you choose. That is why McCall-made clothes are more stylish—a joy to wear.

Just out—McCall's New Summer Quarterly, 25c. Be sure to keep it on hand when planning the family sewing.

ELKS CLUB WHANGS 2,870; NO OTHER HIGH MARKS MADE

Hacking the wood in all directions, the Elks Club five of Beloit clipped their way to third place in the team event in the Southern Wisconsin-Northern Illinois bowling tournament Monday night. They piled up a count of 2,870, which is 15 points behind the Madison Hotels of this city, second place holders.

The Gateway city crew hammered through the forest for 920 in their third game. Continuing their heavy stride, they pushed off 1026 in the second and in the third came through with 927.

Myhr of the Elks team gathered 622, which while in itself will not get any prize money, ranks as second

Meet Alderman John Wooten. Beloit: Jack, former Samson Tractor hunter and last year regular with Green Day in the Lake Shore league, was elected last week as a father of the Gateway City. Janesville followers of Wooten will wish him the best of success and wisdom in his new field.

It was a compliment to Janesville to have Secretary Bill Fenske of the Wisconsin Bowling association roll here Saturday in the Southern Wisconsin-Northern Illinois bowling tournament. The "Elks" of the Badger pin game, not ordinarily a star performer on the drives, rolled into the same luck many of them find by picking up 1909, eight pins more than the mark set at the state meet at Madison this year.

Watertown has started a program to place that city strongly in the limelight of sporting activities. The Watertown Athletic association of 300 members will boost baseball, football, tennis and all other sports. The association is thoroughly organized, not even a medical department being forgotten.

The announcement of the Black Hawk Country club, operated jointly by Port Atkinson and Whitewater, only shows once more the grip golf is getting on the American public. Not so many years ago the idea of a golf club for the small community would have been laughed at.

Beloit Man in State Cue Meet on Wednesday

Ten district amateur pocket billiard champions of Wisconsin meet in a state tournament at Madison Wednesday. The winner will receive a diamond studded medal donated by the Wisconsin Billiard association.

The sixth district, which includes Janesville, will be represented by Fred J. Zanders, Beloit. Zanders won the district title by defeating Dick Cushing at the Gateway city.

Other contenders are: Eugene Mack, Madison; Alfred Schmidt, Milwaukee; Oscar Spies, Milwaukee; Walter Gleason, Milwaukee; Ray Haeber, LaCrosse; Harry Pendle, Appleton; E. W. Tady, Two Rivers; Dewey Cain, Rhinelander and player from Eau Claire.

A three cushion and a balking tournament will be staged in the fall.

CHURCH LEAGUE BOARD MEETS WEDNESDAY

A meeting of the board of control of the Janesville inter-church basketball league, composed of team managers and captains, will be held at the Y. M. C. A. 7 p. m. Wednesday. The meeting is for discussion of trophies and other matters pertaining to the winding up the season.

Tennis Club Meets Thursday

With Janesville finding a revival of days when tennis was popular with the generation now grown up, the opening meeting of the season to which all men interested are invited will be held at the Y. M. C. A. at 8 p. m. Thursday. It has been called by Clarence K. Patton, president of the Janesville Y. M. C. A. club which had a successful initial season last year.

Discussion of plans for holding inter-club matches with cities in this vicinity including Evansville, Edgerton, Stoughton, Beloit and Rockford will be made. As last year, it is planned to hold a city tournament with more attractive prizes. A. R. Bergman, physical director of the Y. M. C. A., said work on the tennis courts will start as soon as weather permits.

SHOW BIG DEFICIT IN DAKOTA BANK

State Owned Industries Suffer \$653,993. Audit Report Reveals.

(By Associated Press.)
JAMES, N. D.—The Bank of North Dakota showed a book deficit of \$150,175 Dec. 31, 1921, and all state owned industries on that date had suffered a total loss of \$653,993, according to a report of an auditing company, made public Monday.

Total book deficits shown by the auditing report were:
Bank of North Dakota, \$150,175; Mill and Elevator association, \$182,044; Home Building association, \$158,874; Industrial commission, \$156,880.

Current assets of the combined industries are \$2,819,162, while the current liabilities are \$4,651,224, the report says.

The several deficits shown in the audit report cover the entire period of operation of each of the enterprises which are fostered by the non-partisan league and legalized by a legislature controlled by that organization.

In the recall election last fall the voters defeated several initiated measures presented by the organized opposition to the non-partisan league, which would have nullified the laws creating the state owned industries.

In the recall campaign the anti-leaguers had pledged their candidates successful in the recall to carry out the wishes of the people as shown in the vote on the initiated measures, and the audit just reported was ordered by the new administration.

U. S. HOPES TO SEE RUSSIAN PROBLEM SETTLED AT GENOA

(Continued from Page 1.)

tral Europe lives in constant apprehension too.

Changes in Russia
Many an evidence of change on the part of the Russian authorities has come to officialdom here. Gradually the soviets have come to realize that they cannot survive in a position of economic isolation.

Though the government which probably will be recognized will not appeal to other governments as the most desirable nevertheless it is felt that to recognize a transformed soviet is better than to continue to ignore Russia altogether and that once the processes of international trade are restored, the people of Russia will grow strong enough to stop to improve upon their own form of government.

It is a start that Prime Minister Lloyd George is striving to make.

America's Attitude
The attitude of America is necessarily one of official silence as the Genoa conference begins but it can be stated positively that the sympathy of the United States is in accord with the work to be done at Genoa is of the warmest kind.

The other nations may regret America's silence but the authorities here believe they will have cause to be thankful later on that the United States remained outside and gave Europe a chance to put its own house in order first.

For the cooperation of the United States in the next economic conference is practically assured. The American viewpoint has been much more fully explained since the Senate disapproved of the Washington treaties than before. The ambassadors who discuss these matters informally with European governments have been encouraging the latter to believe that American economic cooperation is coming.

Some suggestions have been made that irrespective of whether Genoa is a success or failure, President Harding should call an economic conference later on.

Europe's Initiative
The policy of the administration hitherto has been to insist that the initiative should come from Europe on the theory that most reform can be effective there before economic governments on a worldwide scale. The success which Mr. Harding has had with the Senate on the naval program and Pacific treaties is inspiring administration advisers to urge the president to assume the leadership once more. After Genoa, another big conference is certain whether summoned by Mr. Harding or the organization which grew out of the Genoa meeting and in that America will play an active part.

NEW RECORD SET IN CITY INTEREST

3 Percent on Deposits in March Totals \$2,600. Largest Yet.

Janesville was accredited with \$2,600.04 as interest on daily deposits during March, the largest amount of interest ever received by the city in one month, according to figures of City Treasurer William J. Lennartz.

The interest comes from all five banks which share the use of the city's money, paying 3 percent as against 2 percent which they paid up to two years ago.

The figure is large because of the heavy taxes paid during March. It will grow smaller each month from now to the end of the year because the money will all be going out with practically nothing coming in, except license money, fees, rents, and interest.

Million in City Till

A balance of \$1,000,421.59 in cash was reported on hand April 1 by City Treasurer Lennartz as against \$877,145.73 in the city coffers at the beginning of March.

Receipts during March aggregated \$407,746.29 and disbursements, \$254,472.44.

The million dollars on hand on the first day of the present month was distributed among the various funds as follows: General, \$528,211.93; water department, \$6,528.18; board of education, \$1,735.36; industrial school, \$12,950.92; public library, \$8,057.76; new high school, \$398,776.61.

Monthly Expenses \$250,000
The quarter-million expended during March came out of the different funds as follows: General, \$390,698.33; water department, \$4,842.15; board of education, \$20,448.80; industrial school,

\$1,577.27; library, \$1,217.50; new high school \$28,382.22.

Mr. Lennartz's March report was received and accepted by the council, Monday night.

Summer Welch Buried, Tuesday

Bellevue—Funeral services for Summer Welch, 88, Walworth county pioneer, prominent Mason and music master for a half century, who died Saturday, were held at his home at 1:30 Tuesday, the Rev. Charles Boardman officiating. Masonic funeral services were conducted at the grave.

Mr. Welch has lived in Walworth county 78 years. He came to the city of Janesville with his parents when 10 years old. They came by boat part of the way from New York state, where he was born, and made the balance of the trip from Milwaukee to Walworth county by oxen. He has lived in the county since. His parents settled in what was known as the school section in Darion, and he attended the Red school with Mr. Story as instructor. He became interested in dancing, took lessons in prompting and attended a dancing academy in Milwaukee. He played second violin and prompted for dances throughout Southern Wisconsin and Northern Illinois for 50 years, being engaged by Sleum's orchestra at Harvard, Ill., for many years. He of Harvard, Ill., for many years. He was often known to walk home from Janesville and other places where he had been playing. His career was interrupted by the Civil war, in which he served with the Second Wisconsin cavalry.

Miss Sabrina Hunt, Darion, became his wife Jan. 22, 1856. One son, Chester, was born to Mr. Welch married Miss Cora M. Hunt, who survives him, together with the son.

Mr. Welch joined the Masonic lodge at Darion in 1881 and transferred to the Delaver lodge when he came here 24 years ago.

\$700 EXPENDED IN CITY CAMPAIGNS

75 Pct. of Total Spent in Fight For and Against Management.

Approximately \$700 was spent by candidates and committees in campaigns which preceded the city election last Tuesday, according to final expense accounts filed with City Clerk E. J. Sartell. More than \$500 of this was spent in the campaigns for and against city management.

In his fight for re-election, City Treasurer W. J. Lennartz spent \$55.25, the largest amount expended by any individual candidate, while there were 13 who paid out nothing.

The Women's committee for city Citizens' committee against it had expenses aggregating \$249.99, records show. The Fourth ward committee against management paid out \$15.

Other election expenses were as follows: W. J. Hill, \$31.50; Miss M. Francis Edwards, \$20.40; Thomas P. Spohn, \$22.30; E. J. Radzick, \$14.50; Smith E. Moore, \$8.50; George Traver, \$5; and Alva Hemmons, \$2.

The following candidates had no opposition and, therefore, no expense accounts: Frank M. Britt, William E. Dulin, A. J. Gibbons, J. J. Dulin, Maurice L. Weirick, Glenn Gardiner, W. W. Merzies, Roger C. Cunningham, Mrs. Alice B. Holmes, Mrs. Helen Sutherland, W. J. Kemnitz and F. C. Grant.

Al L. D. Horn was opposed but reported no expenses. The expenses of Louis Karstel amounted to \$20.

WILL FINISH HALF OF BRICK WORK AT J. H. S. THIS WEEK

Weather permitting, work on the brick walls of two sides of the new high school will be completed this week. Despite a small force, rapid progress in the bricklaying is being made. Artists, stone cutters are carving figures and designs into Bedford stone which will adorn the doorways and other parts of the building. Carved in stone moves over the main entrance are the letters J. H. S. in old English. At the top of the second floor, looking downward, are two stone faces.

A carload of plumbing supplies arrived at the high school Monday and was unloaded preparatory to the men of the American Plumbing and Heating company, Superior, starting work sometime this week. The Wisconsin Electric Sales company contractors for the electrical work, has also stored supplies in the basement of the building.
